

EVIDENCIAS

Consulta

The screenshot shows a REST client interface with a top bar containing a list of requests: 'http:', 'GET http:', 'GET http:', 'GET http:', 'GET http:', 'GET http:', and 'POST http:'. The selected request is 'GET http:'. To the right of the bar are buttons for 'Save', 'Share', and a link icon. Below the bar, the URL 'http://localhost:8080/api/pet/1' is entered in a text field, with a 'Send' button to its right. Below the text field is a tabbed interface with 'Docs', 'Params', 'Authorization', 'Headers 6', 'Body', 'Scripts', and 'Settings'. The 'Params' tab is active. Below the tabs is a 'Query Params' section with a table:

Key	Value	Description	Bulk Edit	...
Key	Value	Description		

Below the table is a 'Response' section with a 'History' dropdown and a '...' menu. The response area is currently empty, showing only the 'Send + Get a successful response', 'Send + Visualize response', and 'Send + Write tests' options.

https://github.com/angel8610/technical_test

The screenshot shows a web browser displaying the GitHub repository page for 'technical_test' by user 'angel8610'. The browser's address bar shows the URL 'github.com/angel8610/technical_test'. The repository page includes a navigation bar with links to Code, Issues, Pull requests, Agents, Actions, Projects, Wiki, Security and quality, Insights, and Settings. Below the navigation bar, the repository name 'technical_test' is displayed as 'Public'. To the right of the name are buttons for Pin, Watch (0), Fork (0), and Star (0). Below these buttons, there is a section for file navigation with a dropdown menu set to 'main', showing '3 Branches' and '0 Tags'. A search bar labeled 'Go to file' and buttons for 'Add file' and '<> Code' are also present. The main content area displays a list of files and their commit history. The files listed are: 'gradle/wrapper' (First version -> Basic configuration, 2 days ago), 'src' (Add save pet to endpoint external and add unit tests, 39 minutes ago), '.gitattributes' (First version -> Basic configuration, 2 days ago), '.gitignore' (First version -> Basic configuration, 2 days ago), 'build.gradle' (Add save pet to endpoint external and add unit tests, 39 minutes ago), 'gradlew' (First version -> Basic configuration, 2 days ago), and 'gradlew.bat' (First version -> Basic configuration, 2 days ago). To the right of the file list, there is an 'About' section with the text 'No description, website, or topics provided.' and links for Activity, 0 stars, 0 watching, and 0 forks. Below the 'About' section is a 'Releases' section with the text 'No releases published' and a link 'Create a new release'. At the bottom of the page, there is a 'Packages' section. The Windows taskbar is visible at the bottom of the screenshot, showing the time as 02:31 p.m. on 28/06/2026.
